Before diving into the usage, let's explore the key features and the associated benefits:

minimizes the risk of infection and promotes healthy nail growth.

Preparing for Your Manicure and Pedicure: Essential Steps

Before you begin, ensure you have a clean, well-lit workspace. Gather your Ebench set and any additional supplies you may need, such as nail polish remover, cuticle oil, hand cream, and your preferred nail polish colors. Remember that proper preparation is key for optimal results. Let's outline the essential steps:

- **Clean Your Nails:** Begin by removing any existing nail polish using a gentle nail polish remover.
- **Soak Your Hands and Feet:** Soaking your hands and feet in warm, soapy water for 5-10 minutes softens the cuticles and makes them easier to manage. Add a few drops of essential oils for a more luxurious experience.
- **Sanitize Your Tools:** Before you begin using any of your tools from the Ebench manicure and pedicure set, thoroughly sanitize them. You can use rubbing alcohol or a specialized tool sanitizer to ensure hygiene.
- **Gather Your Supplies:** Organize your Ebench tools to ensure easy access during the process. This will streamline the manicure and pedicure routine, ensuring a smooth and efficient procedure.

3. **Buffing:** Lightly buff the surface of your nails to smooth them and prepare them for nail polish.
4. **Nail polish application:** Apply a base coat, two coats of your chosen nail polish color, and a top coat for a long-lasting manicure.

2. **Callus Removal:** Carefully use a foot file (if included in your Ebench set) to gently remove any calluses. Avoid aggressive scrubbing.

4. **Cuticle Care:** Repeat the cuticle care steps from the manicure section.

This simple maintenance will ensure the long-term performance of your kit.
